VQA Ontario covers wines that are crafted from grapes sourced from multiple viticultural areas within Ontario, including the Niagara Region.

2019 vintage

Weather conditions across the Niagara Region for 2019 were generally cooler and wetter than normal but overall, the season was good. There was a slight delay to the start of the season, but a sunny Fall ended the season on a great note. The outlook was very good with exceptional white wines defined by crispness, acid and fruit. In regards to red wines, Pinot Noir was a standout red in 2019.

2020 vintage

It was a remarkable year for weather and wine in Ontario. All wine growing regions enjoyed excellent conditions with glorious sunshine and low humidity throughout the year. The weather was warmer than average and mostly dry. In July, we had three major heat events that effectively produced hotter than average weather from start to finish. Dry conditions at harvest resulted in grapes in good condition with good fruit concentration.

2021–2022 vintage

In 2021, summer received an early start in June with above average warm temperatures with significant heat to end the month. As summer progressed, August favoured dry, hot conditions with scattered rain with severe heat at the end of the month. The September harvest showed reports of good colour on red varieties and lower acids due to the August heat.

Also in 2021, we had a large bumper crop which yielded some extra wine and in 2022 we had a short crop with exceptional quality. We were favoured with an extended sunfilled summer ideal for ripening. In 2022, due to winter damage, we saw a reduced crop load and most grapes were harvested by the beginning of November (excluding dessert wines).

If you notice your wine does not have a vintage date on the label, it would most likely be due to winemakers blending these two years together in order to have an overall great wine with more complexity. Blending wines from different vintages, like 2021 and 2022 is a common practice in winemaking and can be done to achieve a desired flavor profile or to manage consistency across vintages. While some may prefer a single vintage, blending can be a way to create a more complex or balanced wine.

2023 vintage

This growing season exhibited a mix of challenges and opportunities. The Spring started with moderate temperatures, encouraging early bud break and a promising start to the growing cycle. This was followed by sporadic temperature fluctuations, presenting some challenges. Overall, the crop size was the main story as it was small, but fruit quality was excellent and the grapes that were brought in had winemakers wishing for more.

NOTABLE RESERVES

KEW VINEYARDS

Beamsville Bench, VQA

2020 MARSANNE

On the nose, notes of lemon, pear and nectarine are complemented by undertones of butterscotch. Medium in body with a lean acidic back bone, pineapple and lemon remain bright and structured on the palate. A touch of minerality and creaminess keeps the finish long, crisp and refreshing.

This wine pairs well with poultry, oysters and pasta dishes. It also goes well with carbonara, glass noodles and braised veal. Cheeses that pair perfectly with this wine are Blue, Goat, Smoked Gouda, and Brie.

STRATUS VINEYARDS

Wismer Foxcroft Vineyard, Niagara Escarpment, VQA

2022 CABERNET FRANC

For over 20 vintages, Stratus has proudly released wines grown from their estate vineyard. While grapevines are hearty and love stress, some conditions are simply too stressful. In winter 2022, January temperatures resulted in significant vine damage and drastically decreased yields. As is often the case, despite the low volume, the quality of the growing season and grapes at harvest was outstanding. Stratus chose to view this as an opportunity to explore the nuance of place and soil on their favourite varietal, Cabernet Franc, and selected a parcel from the revered Wismer Foxcroft Vineyard located on the Niagara Escarpment.

This first Cabernet Franc from Stratus to explore the terroir of the Niagara Escarpment is impressive, complex and plush with a slightly accentuated herbal edge. Oak dust, new leather, portobello mushroom, with blackberry, bell pepper, cigar ash, and cherry wood.

M.W. CELLARS

Niagara-on-the-Lake, VQA

2022 UNFILTERED SYRAH

Made from grapes harvested from his own farms along the Niagara Lakeshore and St. David's Bench sub-appellations, Marty Werner is intimately involved in every step of the winemaking journey. This Syrah boasts a pale ruby colour that sets the stage for its vibrant character. Its nose is intense and inviting, with notes of black pepper, red cherry, and sandalwood. On the palate, you'll discover flavours of black raspberry, red currant, and a hint of warm cranberry sauce

Crafted with care, this Syrah hails from a 5-acre vineyard in St. David's, with an average yield of 5 tons per acre. Marty's dedicated team hand-picks the fruit while meticulously removing the stems to ensure top quality. This Syrah is then aged in a single brand new American oak barrel, imparting a touch of oak influence that enhances the wine's character. It is then bottled directly from the barrel using gravity alone, with only light filtration to preserve its essence. This wine is a true labor of love, and an excellent example of how well we do with Syrah here in Niagara.

MARCHESI ANTINORI

Tuscany, Italy, IGT

2021 TIGNANELLO

From the Family of Antinori Tignanello
#3 on Wine Spectator's Top 100 of 2024
98 points from James Suckling and Vinous

Produced with a selection of 79% Sangiovese, 13% Cabernet Sauvignon and 8% Cabernet Franc, Tignanello is a milestone, the first contemporary red wine blended with untraditional varieties (specifically Cabernet), and one of the first red wines in the Chianti Classico region that didn't use white grapes. The remarkable 2021 vintage from Chianti Classico will be remembered for a long slow-paced season: a vintage that promises power and finesse, and considered to be one of the best vintages ever.

This wine is known for its rich, sophisticated, and intense palate with supple tannins and a long, elegant finish. It has complex aromas of ripe plums, blackberries, candied orange peels, dark chocolate, caramel, and licorice. The 2021 vintage is particularly praised for its harmony and pedigree, with some experts calling it a benchmark for Tignanello and Italian wine in general.
